

## CITY COUNCIL HAD BUSY SESSION LAST NIGHT

Council Protests Against Restaurant Licenses--Sewer Extension Again Delayed--First Street Petition

The old question of the fire brigade came up again in the council last night, the question of remuneration being the source of argument. The commissioners brought in a report recommending that the relief men, not of the regular brigade, of whom there are three rooming in the fire hall, be paid 60 cents an hour during time of actual service, and added to this commissioner Kinnaird suggested that the relief men, who were always there should be paid a small salary. Alderman Bellamy said this was a matter for the commissioners. Alderman Latta moved and Alderman Bellamy seconded that the matter be referred to the commissioners and the motion was passed.

The question of licenses for restaurants was brought up by the appearance of Mr. Brown, solicitor for Mr. Cronn. He stated that Mr. Cronn had applied with the understanding that he was applying for a table license. He had no intention of putting a bar in his restaurant. As the law stood now there was nothing to prevent a guest sending the waiter out to the nearest hotel to get him a bottle of beer when ever he wanted it. The refusal of a restaurant license would not have the effect of stopping the consumption of liquor but would merely throw the profit to the hotel man. Mr. Brown said that as the council was apparently divided he would prefer that the matter be left over until a full meeting.

Alderman Bellamy said it was understood at the last meeting that the question was to be dealt with tonight. He moved that the council protest against the issuance of restaurant licenses. Alderman Calhoun seconded the motion.

Mr. Brown, speaking for his client, said that his client was willing to sign an application and place it in the hands of the chief of police or the secretary which could be handed to the commissioners if he should open a bar or act in a manner not within the spirit of the restaurant license. He merely wanted the privilege to serve his customers at a banquet or meals the same as a hotel has. The law limited the number of licenses to two restaurants. He did not see that there was any grave danger to be apprehended from granting a license which would be used strictly as a restaurant license.

Alderman Griegsbach said that there were two evident facts, one that the restaurant could send out and get liquor if asked for it; the other that the restaurants were actually selling liquor now. They might send out for it or they might say they did, but the effect was to make the patrons of the house a party to breaking the law. He could not see that the council was going to do any great harm by allowing the license.

Alderman Mays co-incided with Alderman Griegsbach. Furthermore he

said that had there been a strong petition of rate payers presented to the council he would feel impelled to submit to their views, but no such petition had been presented.

Alderman Latta said he was against restaurant licenses, but if the applicant could be bound down to a strictly table license he had no serious objection.

Alderman Bellamy said Alderman Griegsbach's argument sounded like saying that hold-ups should be made legal because there were hold-ups.

Alderman Griegsbach said that if Alderman Bellamy meant business he would go and lay information against the first restaurant that he heard of selling liquor without a license.

Those voting in favor were--Alderman Bellamy, Manson, Smith, Latta and Calhoun and those against, Griegsbach and Mays.

**CITY ENGINEER ABSENT.**  
Commissioner Kinnaird commenced to read a report dealing with the letter by R. B. Keely, read by Ald. Griegsbach at the last regular meeting, the first clause of which contested his statement that Miller, of McMen & Miller, telephone experts, was not a practical telephone man. Ald. Mays said that the report should not be brought up in the absence of the engineer. Ald. Bellamy asked why the engineer was not here, and if the commissioners knew of any reason why he should absent himself.

Commissioner Kinnaird said he could read the last clause of the report. It stated that the engineer had absent himself from the city and had taken the sewer plans with him, and that they presumed he had gone to consult some expert on the plans.

Ald. Calhoun said the commissioners had no right to presume anything.

Ald. Bellamy said that the engineer had no right to absent himself from the city without leave.

Ald. Mays moved and Ald. Griegsbach seconded that the report be laid on the table until the engineer was present.

Ald. Calhoun and Latta voted in favor of the motion. Ald. Bellamy and Manson voted nay. Ald. Smith did not vote.

**FIRST STREET PETITION.**  
The first street petition came up again as a report from the commissioners, who were requested at the last meeting to look into the validity of the signatures attached to the petition.

Secretary Kinnaird reported that for the section south of the track there were 41 owners and of these 31 had signed. North of the track there were 58 owners, of whom 39 had signed, but the validity of these signatures was not altogether established.

Ald. Griegsbach wanted to know if it was the intention to charge all the cost to the property owners.

Mr. Crystal said that was the intention. (Continued on Page Three)

## RAPID GROWTH OF Y.M.C.A. WORK

The Origin and History of the Association--The Plans for the Edmonton Building

A Y.M.C.A. building in Edmonton has now ceased to be what it has been for nearly four years, a vision before the eyes of enthusiasts, a mere possibility. It is now not only a probability but almost an absolute certainty. With rapid strides the work of organization has gone forward, with the result that the erection of a building is to be commenced at once.

The rapid advancement of the organization of the Y.M.C.A. in Edmonton is characteristic of the phenomenal advancement of the work of the organization the world over. The institution had its beginning in the organization founded in London in 1845 by the late Sir George Williams. Williams was then a young clerk in a dry goods store and used to hold meetings of his brother clerks during the week and on Sunday for the study of the scriptures. The movement spread so rapidly that the Young Men's Christian Association was founded, and in 1846 the first secretary was employed. The organization was at first confined to religious work, but in 1848 an educational department was added, and in 1850 social work in connection with the organization was commenced. The first branch of the Association to be established on the North American continent was opened in Montreal in the

year 1850. In 1866 the first physical work was commenced, but not until 1871 was the gymnasium established in connection with the institution.

There are at present in the world 7,539 associations. Of these 646 are college associations, 175 are railway associations, 94 for colored men and 43 for Indians. On five continents there are 35,562 members, among 50 nations and 35 different languages. In Canada and the United States there are 359,000 members, of whom 38,000 are students. In the gymnasium classes there are 99,000 men and boys, and in the educational classes there are 32,000. With the aid of the association 14,000 men have secured positions. There are 1850 secretaries employed, and the property owned by the association is valued at \$30,000,000.

The year 1903 saw the commencement

(Continued on Page Three)

## FOUR DAYS OF BASE BALL

Program Being Arranged for Great Ball Tournament During the Provincial Fair

One of the first results of the organization meeting last night of the Athletic Association was a movement at once to arrange for four days of baseball during the Provincial Fair, on July 2nd, 3rd, 4th and 5th.

After the meeting the committee worked until a late hour last night, and has evolved a schedule which should find favor in the fan house. It calls for six games of ball, giving every team of any consequence within reach of the city a chance to show itself.

All games will take place at 10 a.m. and 7 p.m., so as not to interfere with the fair or horse races.

The program calls for one game on Monday, between Edmonton and Strathcona, two games on Tuesday, one between Wetaskiwin and Calgary and the other between Calgary and Edmonton; two games on Wednesday, the first between Red Deer and Strathcona and the second between Wetaskiwin and Edmonton. On Thursday there will be a matched game between the two teams that make the best show.

The visiting teams will be made liberal allowances for their expenses and this should be the greatest baseball event ever pulled off in Edmonton.

## C.N.R. OFFICES OPEN MONDAY

Finest On System. Telegraph, Express, Ticket and Land Departments Under One Roof

The down town offices of the Canadian Northern Railway are now practically completed and will be open for business on Monday morning at 8 o'clock.

Thomas Henderson is in charge of the telegraph service here, and is authority for the assertion that the Edmonton office is to be the finest office on the Canadian Northern system, superior even to the Toronto and Winnipeg offices, and a glance through the new offices here will easily corroborate the statement.

The offices are large, occupying over 4000 feet of floor space, and are brilliantly lighted. The furnishings are luxuriously done in quartered oak, rich leather upholstered seats, magnificent plate glass windows, and private offices and operators' rooms finished right up to the hounds in modern style.

The ticket counter, which is the first from the main entrance, will be dominated by Wm. E. Dunn, formerly assistant ticket agent in the St. Paul office of the Chicago, Milwaukee & St. Paul, who came here a few days ago to take the general agency for the C. N. R. in Edmonton. Just behind the counter is a large private office, the sanctum sanctorum in which Mr. Dunn will give the intending traveler the heart-to-heart talk by which ticket agents land their business. One of the features of the ticket office is a large oak covered panel over the ticket rack, which will represent the Canadian Northern system.

To the rear of the ticket office is the land and townsale office, where Mr. W. A. S. Coulter, general land agent, will hold forth on the glorious climate and fertile soil of Alberta.

Thos. Henderson's department, the telegraph office, is next the land office, and behind that is the express and money order office. The telegraph office will run day and night, Miss Iva Stirling, formerly of Fort William and Winnipeg, operating on the day side, and Geo. A. Stevens, of St. Paul, handling the night wire. Another operator goes on on the day side in the course of a few days. The company has a direct through wire to Winnipeg, with connections to all parts of the world, and is going to make a strong bid for the business. They will keep open two hours on Sunday, between 9 and 10 and 11 and 12 p.m.

They have full messenger and express delivery to all parts of the city. The local offices claim that Edmonton, being the competitive point, is to get the fastest service that it is within the company's power to give.

**NEW GRAND LODGE**  
Winnipeg, June 15--The Manitoba Grand Lodge of Masons has been thrown into disorder by the fact that only a small handful of Saskatchewan members have put in an appearance. The mainstay of the absence is that within the next few months Saskatchewan will have a Grand Lodge of her own headed in all probability by Brother Campkin of Indian Head, who is at present deputy grand master of Manitoba Lodge. A year ago Alberta seceded from Manitoba grand lodge and formed independently. At the time it was expected that it would seriously cripple the Manitoba section but reports show that the increase in the province came within three hundred of making up for the withdrawal of Alberta.

**WILLING TO DISCUSS UNION**  
Toronto, June 15--The Anglican Synod went on record as being willing to discuss church union as soon as other denominations gave the call.

**AMERICANS KILLED BY MOROS**  
Manila, June 15--News was received here today that Edward C. Bolton, acting governor of the district of Davao Island of Mindao and an American named Christian, manager of a plantation have been killed by Moros.

## MIDNIGHT FIRE IN WEST END

Residence Occupied by Judge Scott Had a Narrow Escape

About one o'clock this morning fire broke out in the residence occupied by Judge Scott, on the corner of Mackay avenue and Sixth street. The fire began at the rear of the kitchen, but was prevented by the timely arrival of the fire brigade from spreading and destroying the main structure. At first it was feared the fire could not be quenched, and much of the furniture was carried outside, with the usual result that most of it was badly damaged. The premises belong to Hon. W. H. Cushing.

## PRINCE ARTHUR CAFE

The Prince Arthur Cafe, next door to the new postoffice, Shaw, Layet & Co., proprietors, opened their lunch counter at noon today and started off with a good rush of business.

The Prince Arthur is built on the modern plan. There is the business men's lunch counter on the ground floor where a quick meal is served. On the second floor is a large dining room capable of accommodating 40 to 50 guests at once, and five private dining rooms, each of which will be finished in a different style, with a distinct design of furniture and color schemes. There is also a reception room, smoking room, and offices, and the plan of the second floor makes it adaptable for banquets or supper parties, small or large.

The proprietors hope to get the upstairs completed by the 23rd or 25th at the latest and to be ready to handle a large share of the business during fair week.

**THE WEATHER.**  
Maximum ..... 63  
Minimum ..... 43  
Barometer ..... 29.79

## CONFERENCE PROCEEDINGS

Five Probationers Ordained Last Evening--Temperance Rally on Sunday

The Alberta conference resumed again at 2 p.m. yesterday.

A special committee was appointed to draft a memorial on church union. A memorial was received from the Calgary district praying for admission of laymen to all church courts on equal footing with ministers. Also another that the term of four years for ministers at one station be extended.

A memorial of Morley Indian Institute was submitted and received. A committee was named to enquire and report before conclusion of conference upon Indian work within the bounds of the conference. The committee is, Rev. Dr. Macdonald, Rev. Dr. Riddell, Rev. J. M. Harrison, Rev. T. P. Perry, Rev. C. H. Hughes, Messrs. Hunt, Wetaskiwin; Fowler, Calgary; Grady, Macleod; Harz Rod Dear.

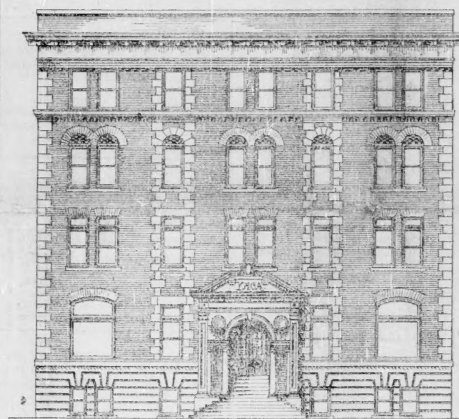

The conference received a deputation from the Royal Pulpit of Messrs. Blaney, Williams and Musgraves, asking for a deputation in favor of the temperance movement in the form of a mass meeting at 4 p.m., Sunday next, as there were many talented speakers in the city who would be available for such a meeting.

The request was referred to the temperance committee.

A memorial was received from the Medicine Hat and Wetaskiwin districts praying for more strict enforcement of the liquor laws.

Also memorials to have all baptized children officially recognized as church members.

The Edmonton district will memorialize the General Conference to appoint a general secretary to look after the Sunday school's throughout the three provinces of Alberta, Saskatchewan and British Columbia. Also that the salaries of ordained missionaries be not less than \$350 and probationers \$190 (Continued on Page Three)

CORRESPONDENCE INVITED

Edmonton Branch : : H. A. GRAY, Agent

**RAPID GROWTH OF Y. M. C. A. WORK**

(Continued from Page one)

of organization work in Edmonton. At that time a member of the international committee paid a visit to the city, which was then only a town, and expressed himself so favorably regarding the possibilities of the work in Edmonton that it was decided to go ahead at once with the organization of a branch. Those chiefly instrumental in getting the work started were Dr. Smith and Mr. Alex. May.

A large organization meeting was held in 1904, when Mr. W. M. Parsons, international secretary, was present. At that meeting the sum of \$6,200 was subscribed by 78 young men for the purpose of purchasing building lots. A young men's committee was formed for the purpose of carrying on the canvass for and collection of funds. This committee was composed of Dr. Jamieson, E. J. Carley, C. M. Thib, C. A. Hamilton, R. A. Foote, with C. E. Race as chairman and A. West as secretary.

In 1905 the committee purchased from W. H. Martin the two lots on May street facing Howard street, at a cost of \$6,500. Messrs. J. A. McDougall, C. E. Race, J. H. Therns and Dr. Riddell guaranteeing the amount of purchase. A citizens' committee was also elected, composed of Dr. Smith, Alex. May, C. W. Mathers, Geo. McLeod, J. H. Riddell, P. E. Butcher, H. W. B. Douglas and Thos. Bellamy, to draft a plan of action and appoint a board of directors.

The following board of directors was duly appointed:—

President, F. M. Turnbull, vice-president, Dr. Riddell; secretary, Dr. Smith; treasurer, H. H. Hall-Messrs. Ewing, Gilbert, Geo. McLeod, A. W. Campbell, H. C. Taylor, E. C. Pardee, Prof. Race, Aldridge, Entwistle, A. Mowat, J. C. McDougall.

In January of this year the board of directors decided to appoint a permanent secretary to take charge of the work in Edmonton and accordingly they invited R. B. Chadwick of Belleville, Ont., to come to the city and act as permanent secretary. Mr. Chadwick arrived in April, and is now in personal superintendence of the work of organization.

Mr. Chadwick has been eight years in Y.M.C.A. work, the majority of which time he spent in Toronto under the leadership of T. M. Pratt. He was also secretary of the Belleville branch for one year and a half.

At a board meeting on April 17, the following committees were appointed: Finance—Dr. Smith, Messrs. Turnbull, Race, H. C. Taylor, McLeod, Aldridge, Gilbert and Pardee.

The work of canvassing for the building fund is progressing most favorably. Already a large sum has been subscribed. Committees of young men are at work obtaining subscriptions and it is expected that \$15,000 will be subscribed amongst the working men of the city. The directors are also canvassing the business men, a large number of whom have already subscribed large sums.

Work on the new building is to be commenced at once. The building will cost in the neighborhood of \$60,000. The plans call for a building four stories high, with 60 foot frontage on May street, and 100 feet depth on the lots. There will be a fifty foot lawn in front of the building. The structure will be of brick and cement and will be plain and substantial. The entrance will be built with an "association" porch attached.

The plans for the basement show a billiard room, bowling alley, lavatories, plunge bath and boiler rooms, and a separate stairway from first floor. The first floor will contain a reception hall, offices, social room, lobby reading room, a room for apparatus, cafe and check room, gymnasium, also to be used as auditorium.

Second floor will contain gymnasium, and gallery, ladies parlor, four class rooms, residence for superintendent of building, dark room for photography purposes and lavatories.

On the third floor there will be a boy's department, with five rooms, and office of the boys' secretary.

It is expected that the building will be completed by Christmas. The building is being done by local contractors and local labor. A. H. Magoon is architect. The interior furnishings will be supplied by local establishments.

LLOYDMINSTER WILL CELEBRATE Dominion Day on June 24th, with a series of sports and attractions. The prize list aggregates \$500. The sports include polo, baseball, football tournaments, horse races, military equestrian events, a grand Indian pow-wow, athletic sports and Indian races. A band will be in attendance.

AERONAUT'S NARROW ESCAPE Buffalo, June 15.—Knabrooke, the Aeronaut lost control of his airship and dropped into the Niagara river. He was rescued by life savers.

NAVIGATING THE AIR Washington, June 15.—Navigating the air with seeming ease, Lincoln Beachey, the aeronaut visited here today and anchored after a four mile trip. After a brief rest he rose again, circled the monument and returned to the starting point. Beachey used Knabrooke's airship No. 2.

**CITY COUNCIL**

(Continued from Page One)

tion of the petition.

Mr. Crystal was then asked if the property holders on the petition held that the cost of widening at McDougall & Second corner should be charged to the property.

Mr. Crystal said that the petitioners were not dealing with that part of the proposition.

Ald. Latta said that he had been talking with many of the signers and had not found any who were in favor of the proposition, notwithstanding that they had signed their names. He said that the effect of underlining the work and while property owners might think that the widening would enhance the value the probable effect would be to depreciate the value of the property.

Burkholder asked the privilege of making a few remarks. As to the possible depreciation of First street property that was their own affair. "I do not think," said Mr. Burkholder, "that there ever was a case on the North American continent before where the property owners offered to give their property for widening a street and it was not done." As to the McDougall & Second corner, he was at a loss to say just how that part of it should be carried out, but it was worth while remembering that it was not absolutely necessary that the street be widened at that point immediately, although the council might make arrangements for the eventual carrying out of the work.

Ald. Griesbach said that he had made a motion in connection with this matter at the last meeting and he was going to make it again now, that the matter be referred to the streets and parks committee to find out what the cost of the work would be, what engineering difficulties would have to be contended with and also whether the work could legally be carried out as would be to charge up a very large tax against the First street property.

The motion was carried.

LOCAL IMPROVEMENTS.

Several local improvement petitions were presented, and the council was discussing the advisability of boulevarding in advance of sewer and water works, when Ald. Latta moved that the council adopt a policy that the boulevarding should not be done until sewers and water pipes have been put in and all connections laid to the street line.

Ald. Manson said the motion was altogether too sweeping. All but one lot might be built on and that lot might not be built on for twenty years.

Ald. Calhoun said that the council should provide that over half the connections at least should be made.

Ald. Latta moved that the policy be that 50 per cent. of the connections should be made before boulevarding and permanent street work should be undertaken.

Ald. Griesbach spoke against the motion.

The motion was put and carried and a petition for the boulevarding of Twelfth street, between Victoria and Hartley, was granted, subject to the 50 per cent. resolution.

Secretary Kinnaird asked what 50 per cent. would be interpreted to mean.

Ald. Latta said that it should mean when half the property owners had water and sewer connections.

Another policy motion was made by Ald. Mays that the roadways between boulevards be 30 feet wide.

A large bunch of sidewalk petitions were passed in railroad time, including sections of Thirteenth, Seventh, McKay, Kinslton, Fraser, Griesbach, Heinicke and several other shorter sections.

A petition for a 12 foot cement sidewalk on Rice, south side between First and McDougall, was charged to come with the commissioners' recommendation that it be 10 feet instead of 12.

CONFERENCE PROCEEDINGS (Continued from Page One)

A year.

At the evening session the important ceremony of receiving five young missionaries into full connection with the Christian ministry was performed.

These were, Francis James Johnson, H.C., Whitney W. Saunders, B.A.; James R. Earl, B.A.; Thomas W. Bateman; William J. Hargill, B.A., B.D.

Each candidate related briefly and modestly his story of his conversion, and call to the Christian ministry.

After a formal motion and vote of the ministers of the conference to receive the candidates, the charge was delivered by Rev. Dr. John Macdougall, the retiring president of the conference.

At the close of the meeting the secretary announced that a mass meeting will be held in the Baptist church on Sunday at 4 p.m. in the interests of Temperance Reform, which will be addressed by some of the men attending the conference.

The following are those received on probation—Wm. Holmes Irwin, Richard James Miriam, P.S. Lucy McCall, J. Wesley Herbert, J. MacPhail, Waggatt, Robert Clyde Scott, Charles John Bailey, Wm. Alex. Clark, Chas. Edward Auger, John Liewallin Coles, Ralph Kelle Swenson, B.A.

At this morning's session of the Methodist conference, memorial services were held for the late Henry B. Ward and the late Rev. Orrin German.

Ministers attending the conference will conduct services in the following churches tomorrow:

Rev. Dr. Daly will preach in the First Presbyterian church at 7 p.m. Strathcona Presbyterian—11 a.m.—Rev. C. S. Laidman. 7 p.m.—Rev. J. H. Johnson.

Strathcona Methodist—11 a.m.—Rev. Dr. Daly. 7 p.m.—Rev. J. W. Harrison. 3 p.m.—Sunday school rally—Addressed by Rev. H. E. Gordon, B.A. and Rev. J. W. Bruce, B.A.

THE OPPORTUNITY OF THE  
CANADIAN PACKER

Canadian high tariff journals profess to see in the packing house revelations encouragement for Mr. Chamberlain's plan for a tariff to exclude United States canned goods from the British market. The British consumer, they argue, will more readily consent to exclude what he believes an inferior or positively dangerous commodity. As a matter of fact, the revelations have destroyed one of Mr. Chamberlain's possible arguments by destroying whatever necessity may have existed in this connection for the plan he proposes. It will not be necessary to erect a tariff wall to exclude United States canned meats from the British market in future. This end has already been accomplished by the United States packers themselves. Unless the state of British public opinion is grossly misrepresented, the only purpose, to which the British consumer would put Chicago canned goods at present would be that of fertilizer, and he would probably want the article disinfectant before it went on the land.

There are some things which John Bull neither forgets nor forgives readily and abused confidence is one of them. However abject may be the repentance of the United States packers and however profuse their promises of future good behaviour the British consumer will be slow to believe the sincerity of either the repentance or the promises, and unless he is driven to it by inability to secure supplies elsewhere this public reputation of United States products will permanently exclude them from the British market.

This misfortune which the United States packers have brought on themselves eliminates a competitor to Canada in the British canned meat market, and if the Canadian packers show themselves alive to the opportunity they should secure that market for all time. The British consumer is generally credited with a preference both sentimental and commercial for Canadian food products as against similar goods from the United States. The tendency of the Chicago revelations will be both to practically exclude United States canned meat from Great Britain and by contrast to increase the Britisher's good opinion of Canadian products. The time is ripe therefore for a strenuous campaign on the part of the Canadian packers to capture this valuable trade.

Whatever may be the fallings of the United States packers, they cannot be condemned for lack of enterprise, and it may be taken for granted they will leave nothing undone which might help to reinstate them in the market they have lost. The more urgent is it, therefore, that the Canadian packers who have envied their success should emulate the spirit while avoiding the practices of their American competitors.

## THE "NEW" FUEL

An interesting discussion took place during the board of trade convention on a resolution recommending the removal of the duty on "denatured alcohol." This term, it may be explained

is simply alcohol rendered unfit for drinking and used for commercial and industrial purposes. The current issue of the Scientific American contains the following article on this liquid, which is now coming prominently into use as a fuel in place of gasoline and kerosene.

"The recent passage by Congress of the bill to remove the tax on alcohol for technical uses, is expected to prove of enormous value to almost all the industries of the country. To render unfit for drinking or other purposes alcohol which is intended for commercial or industrial utilization, the liquid must be 'denatured' by the addition of various substances which make it impossible of consumption in beverages.

"Consul-General Thackara, of Berlin, writing on the use of denatured alcohol in Germany for technical purposes, says that the subject was ably and exhaustively treated by his predecessor, Consul-General Mason, in various reports on the subject. He gives the following extracts from one of Consul-General Mason's reports regarding the methods in use in Germany for the denaturation of alcohol:

"For most industrial purposes alcohol is used in Germany duty free, after having been 'denatured' or rendered unfit for drinking purposes by admixture, in presence of a government official, with a prescribed percentage or proportion of one or more of several different substances prescribed in the very elaborate statute which governs the complicated subject in Germany. There are two general classes or degrees of denaturation, viz., the 'complete' and the 'incomplete,' according to the purposes for which the article so denatured is to be ultimately used.

"Complete denaturation of alcohol by the German system is accomplished by the addition to every 100 liters (26 1-2 gallons) of spirits, (a) Two and one-half liters of the 'standard denaturizer,' made of 4 parts of wood alcohol, 1 part of pyridin (a nitrogenous base obtained by distilling bone oil or coal tar) with the addition to each liter of 50 grammes of oil of lavender or rosemary; (b) one and one-fourth liter of the above mixture and 2 liters of benzol, with every 100 liters of alcohol.

"Of alcohol thus completely denatured there was used in Germany during the campaign year 1903-1904, 1,466 hectoliters denatured by process (a), as described above, and 52,764 hectoliters which had been denatured by process (b). This made a total of 54,230 hectoliters of wholly denatured spirits used during the year for heating, lighting and various processes of manufacture.

"Incomplete denaturation, i. e., sufficient to prevent alcohol from being drunk, but not to disqualify it from use for various special purposes, for which the wholly denatured spirits would be unsuitable, is accomplished by several methods, as follows, the quantity and quality of each substance given being the prescribed dose for each 100 liters of spirits: (c) Five liters of wood alcohol or one-half liter of pyridin; (d) 20 liters of solution of alcohol, containing 1 part gum to 2 parts alcohol of 90 per cent. purity (alcohol for the manufacture of celluloid and pegamoid is denatured); (e) by the addition of one kilogram of camphor or 2 liters oil of turpentine, or one-half liter benzol to each 100 liters of spirits.

"For the manufacture of varnishes and inks, alcohol is denatured by the addition of oil of turpentine or animal oil, and, for the production of 'soda soaps,' by the addition of 1 kilogram of castor oil. Alcohol for the production of 'lanolin' is prepared by adding 5 liters of benzine to each hectoliter of spirits.

"The price of denatured alcohol varies in the different States and provinces of the Empire in accordance with the yield and consequent market price of potatoes, grain and other materials. At the present time alcohol of 95 per cent. purity, which is the quality ordinarily used in Germany for burning, sells at wholesale from 28 to 29 pfennigs (6.67 to 6.9 cents) per liter (1.06 quart), and at retail for 33 pfennigs (7.85 cents) per liter.

## Foster Gets the Worst of It

Ottawa, June 15.—Anyone who witnessed the funeral through which Hon. Geo. E. Foster has passed since he summoned the representative of La Presse to the bar of Parliament will never want to go through the same experience. Parliament to-day nominally censured Clagnum, but it was Mr. Foster who got the real censure. Clagnum had his innings against the member for North Toronto, from the bar, first in French, then in English. It was no wonder that Mr. Foster wanted to narrow the scope of the enquiry. The Minister of Justice asked the member for North Toronto if he had ever heard of a case being laughed out of court. But it was Dun Ross who made the speech of the day. He brought the discussion up to a high level and defended the right of the press as everyone expected he would. He conclusively showed that no such case as that of Clagnum was brought before the British Parliament since 1819. This had to be admitted. The only complaint that Mr. Ross had against the article was that it was Fosterian. He moved that the House proceed to the orders of the day but the amendment of Sir Wilfrid Laurier censuring Clagnum was carried. When Clagnum came forward to hear the resolution read he was greeted with applause, which lasted some time. As soon as the resolution was read he was discharged.

## Moosomin Old Timer Shoots Himself

Moosomin, Sask., June 14. — Parry Holmes, an old time resident of Moosomin district, committed suicide by shooting himself on the prairie yesterday. He had been despondent for a few days prior, but Tuesday he went to Pipestone for a load of wood for the police. After cutting the load and putting it on his wagon he must have taken his gun, which he has with him, and deliberately shot himself. Not arriving home when expected, the police were asked by his wife to investigate, with the result that he was found on the prairie about a mile from his homestead shot to death. He leaves a wife and three children.

## LINER DAMAGED BY EXPLOSION.

Liverpool, June 15.—The American line steamer Havford blew up this morning. Five were killed and forty injured. The explosion occurred just after the steamer, which arrived from

Philadelphia yesterday, had docked. The explosion followed the opening of the hatch to remove the cargo. Fire immediately followed. It is thought that there are men still in the hold of the ship and firemen wearing smoke helmets are searching. It is believed the explosion was due to spontaneous combustion, but as the force of the explosion was directed downward some suspect foul play. The officers of the American line are not aware that the cargo contained explosives which could have caused the disaster. It has been suggested that it was caused by an infernal machine or explosives shipped as other goods. Some export companies believe that it was caused by the fumes from naphtha soap in cargo being ignited from a lighted match.

Liverpool, June 15.—It is announced at the pier of the American Line that a result of the investigation into the casualty on board the steamer Havford shows that it was caused by a mysterious explosion and fire in the cargo hold. Ten men were killed outright and four died in ambulances, while thirty-one are now in the Liverpool general hospital, of whom at least a dozen are expected to die. The cause of the explosion is still a mystery.

## MINERS LOST THEIR LIVES

One of the most serious accidents in the history of coal mining in Montana, has occurred in the mines of the Northern Pacific at Rocky Fork near Red Lodge, Carbon county. Eight men are dead, all victims of the white damp that filled the corridors of the mine after the fire which started on Wednesday. Their bodies have been recovered but the story of the work of rescue parties is a tale of unexcelled bravery and heroic self-sacrifice. Of the dead, two were members of one of the parties that entered the mine in the effort to reach the men known to be there.

The fire which caused the trouble started in incline No. 6 on Wednesday. This was believed to be under control after a long, hard fight. At 7.30 yesterday morning the first rescue party started in No. 6 incline, proceeding cautiously, as it was found there were still traces of fire.

When they reached a depth of 1,300

feet all were overcome. Several managed to struggle back to where they could be reached. By this time a dense column of smoke burst from No. 5 incline, and the air in No. 6 was so foul that the volunteer rescuers were driven back. At 10 o'clock another rescue party was formed, business and townspeople volunteering when the Finnish miners fled back terrified.

The scene about the mines was disastrous. Frantic women and crazed men ran about, hampering the work of rescue. The second volunteer party was successful. The fans were reversed and the smoke forced back out of No. 5 incline. In the sloping battlements were made of canvas and water was let in. The rescuers were let down slowly in cars. The first found were the unconscious forms of six of the first rescue party, these were hurried to the surface. All revived but Cary and Bracey. It is believed that the injured will entirely recover.

Farther down the incline six other bodies were found, all beyond hope of restoration. Several of the second rescue party, among them Pitt Boss Haggerty, were overcome during the day, but were restored, and Haggerty returned to the work of rescue. It is believed that all the bodies have been saved from the mine. The work of fighting the fire is now being pushed. The state coal mine inspector and local officers of the company are on the ground, and characterized the work of the rescuers as brave to the point of foolhardiness.

## THE SUNDAY CAR PROBLEM

Winnipeg, June 15.—The ministerial association and the local board of the Lord's Day Alliance will find themselves without the support of the labor council in the fight against Sunday cars. If labor men are assured that the rights of street railway employees are sufficiently safeguarded in the Lord's Day Alliance legislation now before the Federal House. The officers of the council are now communicating with Ottawa to find out to what extent the new bill provides for six days a week labor for employees on street railway operating on Sunday.

## WANTED COLONIAL CONTRIBUTIONS

London, June 15.—In consideration of the finance bill in the House of Commons, Smeaton, Liberal, moved an amendment in the name of Cory, Liberal, who was absent, that it was undesirable to proceed further with the measure imposing heavy burdens on His Majesty's subjects resident in the United Kingdom until steps have been taken to secure from His Majesty's subjects resident in the colonies an adequate contribution to the cost of defending the Empire. The amendment found no seconder and consequently fell through.

## G. T. P. Route Through the Mountains

A Victoria despatch says: A letter received by Premier McBride this morning practically settles the route that will be followed by the Grand Trunk Pacific Railway from Cariboo to the coast and by inference outlines a further portion of the district to be traversed. It has been supposed by many that the Peace River would be followed to the junction of the Parana and Finlay and the route chosen via Mannon north to Teela Lake system to Hazelton. So much has been thought of this that Gold Commissioner Vallau of Ontario, in his report for 1904, forecasts the coming importance for the district mentioned by reason of the new transcontinental railway running through it.

The letter in question, however, requests for advertising purposes duplicates of photographs taken by the provincial mineralogist last year during his exploratory trip from Quesnel to Hazelton. This was taken along the old telegraph trail and covered from 150-Mile House via Soda Creek, Ques-

nel, Black Water River, Chilako River, Butcher Plate, Natusby Lake, Graveyard Lake, Nechaco River, Port St. James, Stuart Lake, Babine Lake and the Bulkley Valley. As the country in any other part of the interior is entirely different in character, it may safely be said that the views in question will illustrate portions of the route to be followed.

The letter is from Mr. C. M. Hays, president of the Grand Trunk Pacific Railway. Referring to the Minister of Mines' report for 1905 he says: "It is full of valuable information, which of course is of great interest to all of us who have in hand the exploitation of the great resources of British Columbia. The illustrations are particularly good showing the fertility of that portion of the province through which our railway is projected, and if you could give instructions to the Bureau of Mines to forward to me duplicates of the cuts, we could use them very effectively in advertising matter that we will be getting out from time to time."

### REPORT NOT FOR PUBLICATION

Secretary-Treasurer Refuses to Show  
Document Which is a Knock at  
the City Engineer

The city commissioners brought in a report at last night's council meeting regarding the letter of the city engineer to the council. As reported in another column, only a couple of clauses of the report were read, the first and the last, when the council, by resolution required that the report be held over until the next meeting, when the engineer would be present. The last clause charged that the engineer allowed himself "without leave of the commissioners" and that he went to Calgary, taking the plans with him, and the commissioners presumed that Mr. Kesley took the plans away to consult with some other engineer in Calgary and get his opinion of the point in dispute between himself and Commissioner Hargrave.

A Bulletin representative applied at the secretary's office this morning for a look at the report and was told by the secretary-treasurer that it could not be seen as it was not yet public property and would not be until the commissioners had laid it before the council.

Asked if the last clause, which had been read, was public property, the secretary said that he presumed it was, and to the further question as to whether he was sure that the plans were taken away and were not now in the engineer's office, the secretary said that he was sure of it and that the mayor had corroborated the statement from the chair.

Asked if the plans were not in the hands of the commissioners themselves, the secretary said that the commissioners had not the plans—that they had only some blue prints of the plans. The Bulletin made some further investigations and discovered that the engineer did not take the plans with him to Calgary, as charged in the report.

The original plans are still on file in the engineer's office where they have been for the past two weeks.

The last information that could be gathered was that what the city engineer did take away with him was a couple of blueprints of the profiles of the cuts, evidently for the purpose of working out and re-assuring himself of some of the details during his leisure time in Calgary.

Institute Meeting at Fort Saskatchewan

On Wednesday and Thursday the last lecture lectures, Messrs. Bryan and McCabe met the teachers of the Fort Saskatchewan district, the Edmonton public and high school staffs also attended the Fort meeting. An interesting and profitable time was spent. The lecturers, assisted by Mr. Ellis, P.S.I., gave themselves to the work vigorously and the discussions were animated.

The Fort meeting was no exception to previous ones in point of interest. A pleasing feature of the occasion was a reception given by Mrs. Forbes and Mrs. Hays on Thursday afternoon from three to six. The teachers all attended and are now talking about the hospitality of the Fort people.

### DOINGS AT THE CAPITAL

Mr. Harbottle Deputy Collector of  
Customs at Edmonton—Clause  
Dropped From Immi-  
gration Bill

Ottawa, June 14.—N. Harbottle has been gazetted deputy collector of customs at Edmonton.

Messrs. Wainwright and Biggar of the Grand Trunk Railway, and Nicholas Havel of Winnipeg, have been incorporated as "Grand Trunk Pacific Terminal Elevator Co., with a proposed capital of five million dollars."

The immigration bill was considered last evening. The Minister of the Interior dropped the clause giving power to the Government to impose a tax of 32 per cent on immigrants arriving in the country. This clause was to be used to keep out undesirable but as there was some opposition to it, it was dropped.

Postmaster General Lemieux promised at an early date to secure revision in postal rates on paper and magazines between Canada and Britain.

### TO-MORROW AT THE CHURCHES

Queen's Avenue Church (Presbyterian)—Services to-morrow at 11 a.m. and 7 p.m. Preacher is Rev. Robert Atkinson, of Chelsey, Ont., and formerly of St. Giles' church, Toronto. Strangers and young people who are boarding are specially invited and will be cordially welcomed.

All Saints, Anglican—Services as usual at 11 a.m. and 7 p.m. Rev. H.A. Gray will officiate at both services.

The FREE METHODISTS will hold services to-morrow in the Gospel tent on Kinastine avenue at 11:00 a.m., 5:00 p.m. and 8:30 p.m. Sunday school at 3:30 p.m. All are welcome.

St. Joachim's Roman Catholic—Mass 8 a.m.; High Mass 10:10; Procession of the Blessed Sacrament 11:30; evening service 7 p.m.

Grace Church, Methodist—Rev. Benjamin Howard, of Bowden, will preach at the morning service, and Rev. Thos. Powell will assist in the service.

At 3 p.m. a Sunday School rally will be held, where addresses will be given by Rev. W. A. Lewis and C. S. Laidman.

Rev. James E. Hughson, B.D., Leithbridge, will preach at 7 p.m. and Rev. Arthur Bonner will assist in the service.

WHEN TURK MEETS GREEK  
Salonica, June 15.—A Strengthening number of Greeks were surrounded by a superior Turkish force and after a desperate fight the Greeks escaped, leaving of their number 29 killed and 15 wounded. The Turks lost 3 killed and 8 wounded.

## LIME LIME LIME

THE CROW'S NEST LIME CO.

of Blairmore, Alberta, has a daily capacity of 600 bushels. Prices to defy all competition. Try a car

### That big feed door—

Easy to feed this right furnace,—rough that  
wood, big coal, anything it ought to burn, deep  
—door's made extra size for just such ash-pit  
cheap fuel. Ash pit is easy to  
clean out, won't get choked every  
few hours—always ample draft  
space under grates.

### Oxford Furnace

Warm air  
Doors made to fit tight—gas and  
dust proof. 3 Made, too, with hinges  
that won't sag, latches that won't break,  
—doors made slam-proof, almost "fool-proof."  
Everything about this right furnace is common  
sense and experience—built specially to suit  
Northwest needs. You know no furnace that  
costs so little to run. That's because combustion  
is perfect,—the grate bars assure that. Heat  
up quick, because fire travel is all one way.  
Heats most, because fire-walls are corrugated.

## The Gilbey Catacombs

Here is pictured one of the many vaults of W. & A. Gilbey, containing 8,000 Butts of wine. It conveys some idea of the justness of their claim—the largest Wine and Spirit Merchants in the world. The Port Wine Vault is a quarter of a mile long and contains as high as

7,000 to 10,000 Pipes.  
Consumers—especially invalids—should be particularly on their guard against the cheap and inferior Spanish Red Wines which are largely sold as "Port." Their protection is a guarantee on the label that the Wine is strictly the "Product of Portugal." Without a peer as an After-dinner or Medicinal Wine is

W. & A. GILBEY'S

## "Invalid" Port

Light in body and elegant in bouquet, matured from the best growths of the Alto-Douro, where the Port Grapes attain to their highest culture.  
This wine is so named because highly recommended by Sir Charles A. Cameron, President of the Royal College of Surgeons as a "genuine Port Wine of good quality, unequalled for general consumption and excellent for the use of invalids."  
Absolutely guaranteed as labelled—A trial convinces.

## Smallpox in Fallway Camps

Brandon, June 14. — Reports have reached this city of an alarming condition of affairs in the Grand Trunk Pacific construction camps in the Manitoba district. A traveller who arrived to-day states that smallpox and black diphtheria exist in the camps. Three cases of chickenpox which it is feared may develop into smallpox are under the care of Dr. Lawson of Hamilton. A man in the same camp suffering from black diphtheria was sent away from the camp by him, but died in agony before many miles had been traversed. The health authorities are investigating the conditions at the camps.

## MINISTERS AND DELEGATES IN CONFERENCE

Following are the ministers and lay delegates attending the meeting of Alberta Methodist conference, and their billets:

Rev. A. R. Adridge—Mr. J. G. Ennisville, Twelfth street.

## ALBERTA CANADIAN INSURANCE COMPANY.

The Alberta Canadian Fire Insurance Company, incorporated by special act at the last meeting of the legislature, has practically completed the allotment of stock, almost all of which is subscribed by local business men. The first annual meeting for the purpose of electing officers and directors will be held in a few days. The company has secured offices in the Garfield block and will be doing business by the end of the month. The Alberta-Canadian is the first purely Edmontonian financial concern incorporated by the Alberta legislature.

### LOCAL

In order to reach the News or Editorial rooms of the Bulletin, ring up Phone No. 460

—Alberta Provincial Fair at Edmonton, July 2, 3, 4, and 5th.

—C. R. Hill, travelling freight agent for the C.N.R., was in town today looking over the situation.

—A temperance mass meeting will be held at 4 p.m. Sunday, the 17th in the New Baptist church. Several speakers from the Methodist conference will give short addresses. All are welcome.

—R. H. Cautley, D. L. S., with a survey party, left yesterday on a six months' trip to the country west of Lac Ste Anne, where the party will be engaged subdividing townships.

—Hugh Dixon, Maple Creek; S. Brumpton and J. Brumpton, of Red Deer, and George Mooney and Burl Adams of Lacombe, who have been attending Alberta College, left for their homes today.

—A small fire in a stable two blocks north of the Capital mills, on the Hudson Bay Reserve, called the fire brigade out at 3 o'clock yesterday afternoon. The blaze was subdued with small damage.

—In the Methodist church, Strathcona, the services tomorrow will be as follows: Rev. Dr. Darcy, late of Belfast, Ireland, will preach in the morning, and Rev. J. M. Harrison, of Medicine Hat will conduct the evening service. Rev. H. E. Gordon, B.A., of Lacombe, and Rev. J. W. Bruce, B.A., of Macleod, will address the Sunday school at 3 p.m.

—St. Mark's church, Port Hope, was the scene of a remarkably pretty and interesting wedding on Tuesday afternoon, when Miss Margaret Julia Metcalfe, youngest daughter of the late G. A. Metcalfe, of Yorkshire, England, and of Mrs. Metcalfe, of Dorset street, Port Hope, was married to George Wilmot Swaisland, manager of the Moose's Bank at Edmonton, formerly of Winnipeg, and eldest son of Mr. Wilmot Swaisland, formerly of Port Hope. The ceremony was performed by the rector, Rev. F. J. A. Cobb.

—The Great West Saddlery Co. have now in operation in Edmonton the latest leather stitching machine on the market. It stitches on the same principle as hand stitching, using an awl and needle separately and working with heated wax. It produces work which is not only equal but superior to hand stitching, and can do as much stitching in a given time as twenty men. It is driven by electric power and heated by gasoline. This makes eight of these machines now in use by the company, four in Winnipeg, three in Calgary and one in Edmonton.

### COMPLETION OF INSTITUTE MEETINGS

Messrs Bryan and McCall of the provincial normal school staff have just completed the course of institute meetings extending over a period of one month and including two days' sessions at twelve points. The meetings have been well attended. It is estimated that about twenty-five per cent of the teachers of the province have been in attendance in spite of rather unfavorable weather. The work has been well received by teachers and it is the opinion of the lecturers that the teaching body of the province is made up of enthusiastic and progressive teachers. At many points in the province new schools of a modern and commodious sort are being put up and educational sentiment is healthy and active.

### HOSPITAL DONATIONS

The following donations to the city hospital are respectfully acknowledged by the authorities:  
Sack of sugar—J. Simmonds, M.P.P.  
Sack of sugar—A. McKenzie, M.P.P.  
Case of Pearline—A. Macdonald & Co.  
1 dozen sheets—Mrs. Dearing.  
Honey and fruit—Mrs. Fyfe.

### SOCIAL

The Woman's Musical Club will be entertained this afternoon at the home of Mrs. R. J. Manson, Sixth street.

Mrs. Ormsby was the hostess at a delightful farewell party last night for Miss Clara Thompson. Progressive pedro and dancing was indulged in until a late hour. Miss Thompson was presented with a handsome silver jewel case and a marble clock.

Misses Lockhart entertained at their home on First street Tuesday evening in honor of Miss Thompson. A shower of handkerchiefs in a Japanese umbrella was presented to Miss Thompson.

Mrs. Ewing was the charming hostess at a "Tea" Wednesday afternoon in her home on First street for Mrs. Waddell and Mrs. Allan. Mrs. Douglas poured tea and Mrs. Beck served the numerous dainties from a table in the dining room. Among those present were Messrs. Fennie, Norway, McPherson, Hishop, McKenney, McKenzie, Harrison, McDonald and others. Misses Harvey, Somerville and Taylor were admirable assistants.

### SOCIAL AND PERSONAL

Mr. and Mrs. G. C. Ives left for their home in Lethbridge yesterday. A. B. Cushing, of Calgary, is attending the sessions of Alberta conference.

Mrs. and Miss Lusk left on Thursday on a trip to the coast.

E. Brouseau, of Brouseville, is in town.

Miss Clara Thompson leaves on Monday for Rainy River.

Miss Cousins, of Medicine Hat, is the guest of Miss Grace Robertson, Jasper avenue.

Mrs. P. E. Lessard and daughter Alberta left yesterday on the C.N.R. on a trip to the eastern provinces.

Mrs. Reid, wife of Kenneth Reid, of the Edmonton Furniture Co., left for a trip to the east yesterday.

Mr. Leclerc, a Montreal real estate man, is in the city, and may locate here.

Dr. Genest, of Sherbrooke, Quebec, is visiting in town and may locate in the district.

Mrs. L. C. Charlesworth entertained yesterday in honor of Miss Cousins of Medicine Hat.

Mr. A. Living left for the coast yesterday morning.

Mr. David D. Douglas, of the Alberta Land Company, Calgary, came in on Thursday, and is the guest of his sister, Mrs. Cairns, McDougall ave.

### ELECTRICIANS' REPORT

During the month of May there were 47 permits issued by the city electrician for wiring, 31 applications for light in premises and 217 additional lights installed on old applications. Besides these installations there were five motors put in during the month, one 5 h.p. for Haller & Aldridge, one 10 h.p. for W. H. Gardner, one 5 h.p. for Brackman-Ker and one 3 h.p. for W. Lefke.

### BASE BALL MEETING LAST NIGHT

The baseball meeting in the rink last evening was attended by quite a number of citizens interested in the promotion of athletic sports. J. H. Morris was elected chairman, and C. E. Race acted as secretary. Frank Goode reported that the committee appointed to canvass for shares had sold 300 at \$10 each and had decided to sell no more. An application had been made for incorporation and the certificate of registration was produced. The work of the committee was ratified, and its three members, Messrs. Goode, Rooks and Fields, were appointed provisional directors. It was decided to make a call of 50 per cent. On the stock subscribed, to assume all the liabilities and assets of the old baseball club and to proceed at once with the necessary arrangements for games during the exhibition, the arrangement of the latter being left in the hands of Manager Rooks, Secretary Race and Treasurer McDougall. The success of baseball and like games seems now to be assured. With a company such as has been organized there should be no difficulty in making things go. A meeting will be held in a few days to elect directors and permanent officials.

### CIRCUS CELEBRITIES

Norris & Rowe point with pride to their achievement this season in securing many of the most famous circus performers in this country and Europe. The bare-back riders include such famous persons as dainty Miss Edna Marella, who turns complete somersaults on the back of a swiftly running horse; Janet Stetson's troupe of high school horses; Evie Melville and her superb equine "Dot"; Edythe Maskelyn and Mark Hayden, European menage riders; Herbert Rumley, the celebrated rough rider; Frank and Dolly Miller with their beautiful four horse carrying act; Austin King, jockey and trick rider and young Geo. Settler with his six pure white Shetland ponies. Other attractive features are the great Stirk family of ten men and women, mid-air bicyclists; three Merkle sisters on the flying trapeze; ten Japanese men and women called the Sugimoto troupe; the Six Flying Sterlings; the Four Casting Leslies; Hugh Carrays, Abbot Banks and Miss Edith Howland with their giant electrical revolving ladder; the Misses Colgrove Pringle, Keaton and Lalonde on the lofty aerial bars; the seven wonderful St. Angon family of acrobats; the Five Sisters Rexon gymnasts; the Juggling Devils; the Aerial Kaganis troupe of mid-air performers; the Vetter Sisters on the high bounding wire; the Dewar troupe, Lea Perez troupe on the high perpendicular ladder. The show exhibits here Monday, June 18th.
